

10/22/10

To whom it may concern:

I have known Dr. Steven Pittson for 10 years. I have trusted him to perform numerous treatments for my wife and myself with excellent results.

During this ten year period I have referred numerous patients from my Pediatric Practice to Dr. Pittson with very favorable results. I would highly recommend Dr Pittson for Chiropractic referral and treatment.

Dr. Pittson is well trained and also knows when to refer patients to Physicians for Medical Care. He is knowledgeable and humble, has an outstanding personality and is extremely well liked by patients. I have only received positive patient feedback regarding his Chiropractic Care.

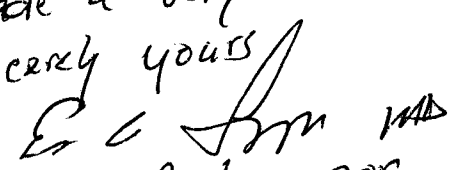

Dr. Pittson and I have talked about our common conservative approach concerning only appropriately prescribing medication.

He has trusted me as a Physician and referred his patients and grandchildren to me for my opinion when he has appropriately felt that Medical Problems exceed his scope of practice.

I highly recommend him as a Chiropractor and an ethical colleague and friend!

If there are any other questions or comments that you would like me to write to you concerning his patient care, personality, knowledge, communication skills and relatability to patients, I will be happy to respond to you. People and Patients who develop a relationship with him have made a very wise choice.

Sincerely yours
